

Fellow Workers,

To-day, either going into the plant or when you knocked off, you were handed a complimentary copy of the Progressive Worker.

The Progressive Worker is the National paper of the Progressive Workers Movement.

The Progressive Workers Movement is an organization dedicated and committed to the liberation of Canada from "Yankee Imperialism" and its agents and traitors among the Canadian ruling circles.

Because the Progressive Workers Movement is an organization comprised mainly of workers it is always a tough road for us to get enough cash to keep the paper coming. We don't have friends among the bosses nor in high places---our funds come from people such as yourselves.

This is your paper, your movement; fighting for your interests. If you can't join us now, support us by subscribing and contributing to the Progressive Worker and, whenever you see us outside your plant or on the street.

Changing the history of Canada and putting the power where it belongs---in the hands of the workers---will be no simple task. But we of the Progressive Workers Movement are prepared to go the whole road. Your support will give us encouragement and strength in our struggle to defeat the world's peoples greatest enemy U.S. Imperialism.

Fraternity and Solidarity,
The Staff
Progressive Workers
Movement.
